Report description:

Coffee continued to witness positive development in 2023, both in volume and value total terms, with all subcategories showing positive dynamics in volume terms. In tandem with the rising coffee culture in Azerbaijan, consumption was boosted by a slowdown in retail price inflation, which benefitted sales in both the off-trade and foodservice channels. These trends have provided a much needed boost to horeca establishments in 2023, as coffee consumption in foodservice is still well below pre-pand...
