- Multiple User License (Global) €2475.00

Report description:

Extremely high inflation levels, resulting in price increases across most consumer goods, have directly impacted household purchasing power and led to changes in consumer behaviour. Within hosiery, consumers have become more price-sensitive, favouring private label products with lower average unit prices. Variety stores (such as Jumbo), hypermarkets and discounters have benefited from this trend as they are able to offer private label hosiery at very low prices. In addition, fast fashion retaile...

Euromonitor International's Hosiery in Greece report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022 and analysis by distribution format allowing you to identify the sectors driving growth.
