Report description:

Retail volume sales of processed fruit and vegetables enjoyed a strong increase in retail volume sales in 2023, compared to the previous year. While fresh produce offers its own benefits, frozen fruits and vegetables are a preferred choice for many consumers seeking nutritious food that delivers convenience and all year-round availability. Certain vegetables such as peas can only be found either canned or frozen (not fresh) and several consumers consider frozen peas to be more nutritious than ca...

Euromonitor International's Processed Fruit and Vegetables in Costa Rica report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere.
