Report description:

In recent years, the consumption of shelf stable beans in Portugal has seen a significant upturn, a trend largely attributed to the pandemic. The prolonged shelf life of these products offered consumers a sense of security during uncertain times, coupled with their convenient protein source and budget-friendly nature. Notably, consumer loyalty to manufacturer brands in this product area is not particularly strong, with private labels playing a significant role. This rising consumption trend is e...

Euromonitor International's Processed Fruit and Vegetables in Portugal report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2018-2022, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth.
