### **Report description:**

Processed fruit and vegetables is expected to be one of the better performing food staples in 2023, registering moderate volume growth. Consumers' busy lifestyles supports volume growth. While growing fresh produce is a long-established tradition in most Serbian families, recent years have seen the importance of this tradition diminish as urbanisation and the accelerating pace of life have made it more difficult for consumers to grow their own fruit and vegetables at home. As such, processed fru...
