Report description:

Sales have continued to normalise in 2023 after the highs of the pandemic when consumers stockpiled supplies of soft drinks. Despite this, sales remain significantly higher than pre-pandemic levels in retail volume terms, supported by consumers pursuing more active on-the-go lifestyles. This has had a particularly positive impact on sales of sports drinks and energy drinks, but also bottled water. Consumers have become increasingly conscious of the need to stay well hydrated as part of a healthy...
