Report description:

Tea is much less popular than coffee in Algeria, though it is registering higher growth in what is an immature product area. In particular, green tea is popular. Consumers perceive green tea as offering numerous health benefits, with studies suggesting that green tea may positively affect skin health, help with weight loss and reduce the risk of cardiovascular disease, among other benefits. This is driving volume growth. However, in 2023, fruit/herbal tea is expected to register higher value and...
