- Multiple User License (Global) €2475.00

### **Report description:**

Since the pandemic, general dynamics in consumers' lifestyles have dramatically changed in South Africa. Ongoing remote/hybrid working models for employees mean that many of them continue to spend greater time at home than they would have compared to traditionally spending long hours in the workplace. Such a development is supporting demand for air treatment products as South Africans want to ensure quality of air in their living environments, where they now spend considerable time. With some co...

Euromonitor International's Air Treatment Products in South Africa report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, format trends or distribution issues. Forecasts to 2027 illustrate how the market is set to change.
