- Multiple User License (Global) €2475.00

Report description:

There is a very high penetration of private label within bottled water. As such, leading companies are focusing on their brands and forming strategic partnerships with key retailers to produce private label water. This offers opportunities for boosting retail volume sales. For example, Epitoriki bottling company, alongside its brand Vikos, which has been gaining share within mineral water, also started to produce the purified water private label Gargaro, on behalf of the My market chain, as well...

Euromonitor International's Bottled Water in Greece report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (2018-2022), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they legislative, distribution, packaging or pricing issues. Forecasts to 2027 illustrate how the market is set to change.

Alongside supermarket sales of soft drinks decreasing, impulse purchases through kiosks and convenience stores also suffered. The decline in disposable incomes equally impacted on trade performance, although most product sales were growing in line with the loss seen during COVID-19. 2023 key trends Competitive landscape Retailing developments Foodservice vs retail split What next for soft drinks?
