Report description:

Sales of bottled water have continued to experience dynamic growth in both on-trade and off-trade volume terms in 2023, continuing the pattern seen in 2022. This strong demand is in part due to the rising health and wellness movement and a decline in alcohol consumption. Consumers have become increasingly aware of the importance of staying hydrated, especially during warmer weather. Not only is hydration important to health but it also affects your appearance, which has also helped to encourage...
