### **Report description:**

The waning impact of the pandemic in South Africa has changed how many households operate in terms of busier lifestyles. The main change is that many employees continue to observe remote/hybrid working measures, and thus are spending greater time at home than they used to prior to the emergence of COVID-19. Dishwashers is one category which is benefiting from busier lifestyles, as it reduces the time taken by consumers to wash dishes and pans. With increasing penetration of dishwashers in South...

Euromonitor International's Dishwashers in South Africa report offers a comprehensive guide to the size and shape of the market at a national level.
