- Multiple User License (Global) €2475.00

Report description:

Overall, juice posted positive retail volume and value growth in 2023, with demand driven by the soaring prices of fresh fruits, mainly oranges. When oranges are abundant and their price per kg drops, Moroccan consumers often make homemade, natural juice. However, when there are fewer oranges and prices rise, as in 2023, consumers will switch to the more affordable option of buying juice in packaged format.

Euromonitor International's Juice in Morocco report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (2018-2022), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they legislative, distribution, packaging or pricing issues. Forecasts to 2027 illustrate how the market is set to change.

Product coverage: 100% Juice, Coconut and Other Plant Waters, Juice Drinks (up to 24% Juice), Nectars (25-99% Juice).

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

- * Get a detailed picture of the Juice market;
- * Pinpoint growth sectors and identify factors driving change;
- * Understand the competitive environment, the market's major players and leading brands;
- * Use five-year forecasts to assess how the market is predicted to develop.

Euromonitor International has over 40 years' experience of publishing market research reports, business reference books and online information systems.
