Report description:

RTD tea continues to post steady growth in off-trade volume terms in 2023, while in on-trade volume terms sales continue to post a strong recovery. The strong performance from RTD tea is thanks to the burgeoning health and wellness trend in Vietnam, with some consumers switching to the category from other soft drinks such as carbonates. In Vietnam, the majority of consumers believe RTD tea made from green tea and black tea is generally good for their health.
