### **Report description:**

Soft drinks witnessed rising unit prices in 2023, brought about by the still high rate of inflation in Finland and increasing production costs. In the off-trade, current value growth has outperformed volume growth, as consumers have been forced to make some cutbacks on soft drinks in the current economic climate. Nonetheless, the consumption of soft drinks is growing in Finland with locals benefitting from a diverse range of products, new flavour experiences and healthier options, with many func...
