Report description:

Bottled water has emerged as one of the top-performing categories in 2023. Even in the face of challenging conditions in 2022, it demonstrated impressive resilience. In 2023, bottled water continues its upward trajectory by capitalising on significant price increases observed in competing categories, such as juice, which implemented substantial hikes in late 2022 and into early 2023. While the average unit price of bottled water increased by several percentage points above inflation, many of its...
