Report description:

Eyewear recorded a positive and significant uplift in retail volume and value growth in 2023, following the deep declines seen in previous years due to the outbreak of COVID-19. Spectacles remained the largest category in eyewear in 2023, with spectacle frames being the top contributor, benefiting from consumers returning to optical goods stores. Sunglasses, frequent replacement lenses, and daily disposable lenses (DD) have recorded positive retail volume sales compared to declines the previous...
