Report description:

Retail volume sales fell in 2023, with a boost in sales during COVID-19 leading to fewer buyers during the year. In addition, following the lifting of COVID-19 restrictions, spending has shifted toward experiences and services, with consumers enjoying offerings that were previously curtailed by the pandemic. As such, investments in the home were a lower priority for many people. The weakening economic climate, rising interest rates, higher cost of living and slowing housing market also deterred...
