Report description:

In 2023, there was a moderate increase in retail volume sales of carbonates, driven mainly by the growth in sales of regular cola carbonates. However, retail consumption of carbonates slowed in 2023 as inflation remained stubbornly high and consumer purchasing power was suppressed. Consumers were also spending more time back in horeca establishments, with on-trade volumes rising at a substantial pace in 2023. The return of tourism has played a key role in this channel, supporting on-trade consum...
