Report description:

Microwaves gained positive retail volume sales in 2023, driven by several factors. Firstly, these appliances were offered at significantly lower prices when compared to other major appliances, not impacted as significantly by price hikes during the year. In addition, following the outbreak of COVID-19, many consumers have returned to busy, time-poor lifestyles. As such, convenient appliances that would provide quick-meal preparation make microwaves ideal. Volume sales have also benefited from th...
