Report description:

Sports nutrition has performed positively in 2023, with growth in total current value sales expected to be up slightly on 2022 and all categories set to show improved results in volume terms. Expansion continues to be underpinned by increasing participation in sports and fitness activities in Taiwan, a well-established trend that has recently gained momentum due to health concerns surrounding the pandemic. Demand has been further buoyed by rising awareness of the benefits these products can offer...
