### **Report description:**

While wound care is poised to record a static performance in total volume sales terms in 2023, this will be an improvement from the declines witnessed over 2021-2022. Stockpiles accumulated by Taiwanese households during the early stages of the pandemic are now being exhausted, which has helped to lift demand. Moreover, the need for these products has increased with the return to normal routines, in that the accelerated pace of life has made consumers more likely to suffer cuts, scrapes, burns e...
