### **Report description:**

Consumer appliances in Morocco has demonstrated mixed performance amidst rising inflation and supply chain disruptions in 2023. Despite a dip in demand during 2021 and early 2022, certain categories have regained their pre-pandemic sales levels. Still, the vast majority of consumer appliance categories have yet to see a full recovery, due to current economic constraints and lower consumer purchasing power. The rising price of consumer appliances and tighter household budgets have become importan...
