Report description:

The sugar supply chain in Italy had to face various problems related to costs and raw materials in the last two years of the review period. Firstly, the production costs of sugar are already high due to the need to use advanced technologies to guarantee the maximum yield and quality of the product. This translates into significant investments for companies operating in the supply chain. Furthermore, Italy imports a large proportion of the raw materials used for sugar production, such as sugar be...

Euromonitor International's Sugar and Sweeteners in Italy report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data in volume terms 2019-2023, allowing you to identify the sectors driving growth. It offers strategic analysis of key factors influencing the market - be they new product developments, consumption patterns and distribution data. Forecasts to 2028 illustrate how the market is set to change.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

- * Get a detailed picture of the Sugar and Sweeteners market;
- * Pinpoint growth sectors and identify factors driving change;
- * Understand the competitive environment, the market's major players and leading brands;
- * Use five-year forecasts to assess how the market is predicted to develop.

Euromonitor International has over 40 years' experience of publishing market research reports, business reference books and online information systems.
