### **Report description:**

Sales of pulses experienced positive growth across all channels as consumers prioritised affordability. After a decline in retail volume terms in 2022 due to a general increase in food prices, the category saw a partial recovery in 2023. It is important to note that the price rises seen in pulses in 2022 did not fully reflect the substantial escalation in production costs, prompting companies to continue increasing their prices in 2023, albeit to a lesser extent. In a move to support Spanish con...
