## Key Highlights

ICE Mortgage Technology Inc a North American company, headquartered in Pleasanton, California, United States, operates as a leading provider of cloud-based software solutions and data and analytics for the mortgage industry. ICE Mortgage Technology's offerings help mortgage lenders, servicers, and investors originate, sell, and service loans more efficiently and effectively. Founded in 2000, ICE Mortgage Technology Inc. provides a comprehensive set of offerings for mortgage lenders, servicers, and investors. Flagship products include Encompass, an industry-leading loan origination system; AllRegs, for compliance management; Velocify, improving sales performance; Marketplace, a digital lending marketplace; and Insights, delivering data analytics on market conditions, loan performance, and risk. Encompass handles all aspects of loan origination and is used by over 50% of U.S. mortgage transactions. AllRegs helps lenders stay current on mortgage regulations and training. Velocify drives better sales results through pipeline visibility and activity tracking. Marketplace connects lenders and borrowers digitally. Insights enables data-driven business decisions through analytics tools and data.
