### **Report description:**

Sales in eggs return to good volume growth, although supply chain issues continue to create some challenges. In a cross-category trend, the food industry in Australia continues to face some challenges connected to supply chains. Although emerging from the worst of the pandemic era, the years of 2022 and 2023 have brought more challenges for consumers and producers alike, with ongoing price hikes, instability, and uncertainty. Lingering impacts from the era of the pandemic remain on the supply ch...

Euromonitor International's Eggs in Australia report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data in volume terms 2019-2023, allowing you to identify the sectors driving growth.
