**Report description:**

City Profile - Belgrade; Comprehensive overview of the city, PEST analysis and analysis of key industries including technology, tourism and hospitality, construction and retail

Summary

"City Profile - Belgrade" provides historical and forecast data on key city level metrics along with analytical coverage of the latest political, economic, social, technological, infrastructural, legal and environmental issues affecting Belgrade.

The report contains detailed tourism, retail, construction, technology and public infrastructure data and insight into economic, social, and industry trends.

Belgrade district is largest economic region in Serbia and accounted for 38.4% of the country's total GDP in 2022. Belgrade district was home to 1.70 million people and accommodated 25.2% of the country's population in 2022. Increased focus on infrastructural projects, high foreign exchange reserve and better investment opportunities in the district is expected to have a significant positive effect on the area's economy post pandemic

Scope

- The service sectors remain the key contributors to the regional economy and the major employers.
- Belgrade is a key tourist destination in Serbia for both domestic and international tourists. The tourism and hospitality sectors
