Report description:

With the revival of pre-pandemic lifestyles in 2023, including the return of individuals to their physical workplaces and social activities, many Thais looked to shed the excess weight they had gained during the pandemic. This helped to drive strong growth in weight management and wellbeing in current value terms, as products such as weight loss supplements and meal replacement shakes are seen by many consumers as a good way to lose weight, maintain fitness and ensure adequate nutrition. This in...
