Report description:

Although soft drinks packaging in Indonesia continued its post-pandemic recovery in 2022, the market size remained well below pre-pandemic levels. Although unit volumes used in the foodservice channel grew again in 2022, despite certain COVID-19 restrictions continuing into this year, they still remained well below 2019 levels, given this channel lost almost a third of its sales in 2020. PET bottles and thin wall plastic containers are the most prominent pack types in the Indonesian soft drinks...
