### **Report description:**

Hot drinks packaging sales in Singapore declined in unit volume terms in 2022, for the weakest performance since the stagnating sales seen in 2016. This decline was largely a result of the normalisation after the pandemic, when greater time spent at home as well as an increased focus on health and immunity had led to a sharp increase in the consumption of hot drinks. Furthermore, rising inflation and commodity prices, as well as issues with coffee and tea harvests around the globe, have been put...

Euromonitor International's Hot Drinks Packaging in Singapore report offers insight into key trends and developments driving packaging across the category. The report also examines trends and prospect for various pack types and closures: metal packaging, rigid plastic, glass, liquid cartons, paper-based containers; flexible packaging.

Product coverage: Coffee, Other Hot Drinks, Tea.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
