Report description:

Despite already seeing growth in packaging volumes in 2020 and 2021, sweet spreads continued to see an increase in volumes in 2022, although at a slower rate. While many consumers returned to work, school and social lives, they continued to lead more home-centred lifestyles compared with the pre-pandemic period, leaving more time for longer and more indulgent breakfasts and snacks in the home. Breakfast remains an important consumption occasion for sweet spreads in Sweden, and many people also e...
