### **Report description:**

#### **KEY FINDINGS**

The North America chemical distribution market is estimated to grow with a CAGR of 6.51% during the forecast period 2024-2032. The North America chemical distribution market is characterized by distributors offering customized solutions as well as cost-effective logistics, meeting the demands of manufacturers aiming to streamline their supply chains.

#### **MARKET INSIGHTS**

The North America chemical distribution market growth assessment comprises the evaluation of the United States and Canada. The chemical industry in Canada encompasses a diverse array of businesses specializing in material processing and transformation to produce a variety of chemical products. Beyond paints and adhesives, this sector yields essential goods such as basic chemicals, pharmaceuticals, and agricultural chemicals. Serving as a cornerstone of the Canadian economy, the chemicals industry stands as one of the nation's largest contributors.

Concurrently, Canada's transportation infrastructure has garnered significant investment and governmental support. Efforts to modernize transportation networks, spanning roads, bridges, airports, rail lines, port facilities, and trade corridors, are poised to catalyze growth in chemical distribution activities. This strategic enhancement of infrastructure promises to foster industry expansion and facilitate the seamless movement of chemical products across the nation. Subsequently, these factors are set to boost the growth of the North America chemical distribution market over the forecast period.

#### **COMPETITIVE INSIGHTS**

Leading players operating in the market include ICC Industries Inc, Univar Solutions Inc, etc.

Our report offerings include:

- Explore key findings of the overall market
- Strategic breakdown of market dynamics (Drivers, Restraints, Opportunities, Challenges)
- Market forecasts for a minimum of 9 years, along with 3 years of historical data for all segments, sub-segments, and regions
- Market Segmentation caters to a thorough assessment of key segments with their market estimations
- Geographical Analysis: Assessments of the mentioned regions and country-level segments with their market share
- Key analytics: Porter's Five Forces Analysis, Vendor Landscape, Opportunity Matrix, Key Buying Criteria, etc.
- The competitive landscape is the theoretical explanation of the key companies based on factors, market share, etc.
- Company profiling: A detailed company overview, product/services offered, SCOT analysis, and recent strategic developments
