Report description:

Consumer foodservice in Denmark saw a strong recovery in 2022 with sales successfully recovering to pre-pandemic levels both in terms of the volume and value of transactions. While sales continued to grow in current value terms in 2023 it was at a significantly slower rate compared to the previous year. The robust growth observed in 2022 was marked by pent-up demand and the lifting of restrictions. The challenges facing the market in 2023 were more pronounced and growth was predominantly driven...
