**Report description:**

The consumer foodservice industry has had a strong year overall. Delivery services have grown and expanded into new regions while new infrastructure developments have opened space for more outlets. Most importantly independent restaurants have grown over their chained counterparts. The most recent trend has been towards numerous new market entries varying in size, style and cuisine with a focus of two to three outlets. These are spread in key populated and trendy areas as opposed to high expansi...

Euromonitor International's Consumer Foodservice in Egypt report offers a comprehensive guide to the size and shape of the market at a national level. It provides foodservice sales, the number of outlets and the number of transactions by sector, allowing you to identify the foodservice sectors driving growth.
