### **Report description:**

Self-service cafeterias made price adjustments of between 20-30% during 2023, as soaring inflation pushed up the costs of vital ingredients, such as meat and pasta. Simultaneously, heightened labour and energy costs further contributed to this measure. Menu prices are critical in this category as a large portion of daily expenses are allocated to consumer foodservice meals. Some guests have curbed their expenditure on minor indulgences, like sweets and soft drinks, to balance their budgets and a...
