Report description:

Air care was one of the top performers in home care in 2023, recording the third highest retail value growth after surface care and home insecticides. In terms of volume, the only formats experiencing volume declines were gel air fresheners and car air fresheners. Retail volume sales of car air fresheners plunged in 2020, owing to prolonged home seclusion and limited mobility outside of the home, and continued to fall in 2022, due to ongoing remote or hybrid working measures, albeit at a slower...

Euromonitor International's Air Care in United Kingdom market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues.
