### **Report description:**

While bleach saw rising value sales aligned with increased price points, retail volume sales continued to decline in 2023. With COVID-19 concerns no longer driving sales, the product is suffering from being mainly viewed as outdated and toxic. However, older consumers still frequently use bleach as a cleaning agent and as a routine additive to other solutions (like many liquid drain cleaners). Numerous publications on the damaging health effects of chlorine bleach, especially on the respiratory...
