Report description:

Dishwashing saw exceptional growth in the Philippines in 2023, with growth for both hand dishwashing and automatic dishwashing. However, while automatic dishwashers are slowly gaining ground in urban and high-income households in the Philippines, hand dishwashing remains the preferred method for washing dishes for most consumers, owing to its cost-effectiveness, deep-rooted tradition, and alignment with cultural values. In fact, even amongst wealthier households dishwashers are not that common,...

Euromonitor International's Dishwashing in Philippines market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth.
