Report description:

Home care overall suffered a decline in term so volume sales in the Ukraine in 2023. This was largely the result of the ongoing migration of people form the Ukraine fleeing the war and military action. This mass migration has led to a decrease in the population, resulting in reduced home care purchases. In addition, lower incomes among the remaining population, coupled with the suspension of domestic producers and disruptions in the logistics chain for imported goods, have collectively contribut...
