Report description:

Household insecticides in the Dominican Republic are dependent on imports to supply domestic demand. The volatility in raw material and logistical costs in recent years has been reflected in the higher retail prices of these products. In 2023, consumers tend to search for bargain prices more regularly, reduce their purchasing frequency or look for lower value brands. SC Johnson Dominican Republic C x A has been seeking to counteract this trend with active offers, such as Baygon Verde which runs...

Euromonitor International's Home Insecticides in Dominican Republic market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth.
