- Multiple User License (1 Site) €1650.00
- Multiple User License (Global) €2475.00

Report description:

There were significant price rises for home-insecticides in 2023, and in particular for spray/aerosols, as supply chain disruptions still lingered and this resulted in high current and constant value growth. However, despite significant price increases, there was also modest volume growth for home insecticides in 2023. Several serious outbreaks of dengue fever have driven demand for home insecticides.

Euromonitor International's Home Insecticides in Guatemala market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts to 2028 illustrate how the market is set to change.

Product coverage: Electric Insecticides, Insecticide Baits, Insecticide Coils, Other Home Insecticides, Spray/Aerosol Insecticides.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
