- Multiple User License (1 Site) €1650.00
- Multiple User License (Global) €2475.00

Report description:

The Netherlands saw mixed weather during the spring and summer seasons of 2023, though the country did enjoy several weeks of sunny weather with high temperatures, supporting higher demand (with a slight slowdown in the decline in volume sales) for home insecticides. Consumers were mostly buying mosquito repellents, often in the form of electric insecticides used only at nighttime to keep mosquitos away while people try to sleep.

Euromonitor International's Home Insecticides in Netherlands market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts to 2028 illustrate how the market is set to change.

Product coverage: Electric Insecticides, Insecticide Baits, Insecticide Coils, Other Home Insecticides, Spray/Aerosol Insecticides.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

- * Get a detailed picture of the Home Insecticides market;
- * Pinpoint growth sectors and identify factors driving change;
- * Understand the competitive environment, the market's major players and leading brands;
- * Use five-year forecasts to assess how the market is predicted to develop.
