Report description:

Surface care is recording further growth in Bolivia in 2023. The impact of the pandemic has boosted the adoption and use of task- or room-specific cleaning products, especially bathroom cleaners and limescale removers. Bathroom cleaners have benefited from greater consumer awareness as consumers, in particular middle-class Bolivians who tend to switch between bleach and powder detergents, have tried the products and appreciate their effectiveness. Price stability as most brands are locally produ...

Euromonitor International's Surface Care in Bolivia market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues.
