Report description:

The COVID-19 pandemic triggered a sharp increase in demand for surface care products, particularly in multipurpose cleaners and home disinfectants. In the following years, retail volumes have receded although total surface care sales remain well above pre-pandemic levels in 2023. The weaker performance can be partly explained by the lower focus on disinfection habits since the pandemic, coupled with the more difficult economic situation and high inflation that has put pressure on consumers' budg...

Euromonitor International's Surface Care in Colombia market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues.
