### **Report description:**

Toilet care in Georgia reported moderate volume growth in 2023. Toilet liquids/foam was the fastest growing category, as it has the widest product assortment with lower unit prices than most other categories of toilet care. Rising hygiene standards and developments in modern retailing are driving sales of toilet care. Prices remain high in 2023, following the inflationary pressures seen in recent years, and many consumers are therefore looking for the best prices across different retail channels...
