### **Report description:**

In 2023, the focus on preventative hygiene continued to significantly boost the demand for toilet care in Pakistan. With consumers remaining concerned about viral infections, there was a notable increase in the call for products that could ensure cleanliness and hygiene in homes. Leading brand owners capitalised on this trend by communicating the effectiveness of their products in providing 100% germ and virus protection. This communication strategy successfully influenced many consumers to swit...

Euromonitor International's Toilet Care in Pakistan market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth.
