Report description:

Following reopened borders and lifted restrictions in 2022, Malaysia's retail sector witnessed a surge in consumer revenue spending throughout the year. However, starting from the second quarter of 2023, the trend showed signs of decline as consumer demand weakened. Malaysians became more inclined to prioritise purchasing food essentials over discretionary products, influenced by rising interest rates and heightened inflationary pressures. The ongoing weaker consumer sentiment and a heightened s...

Euromonitor International's Retail in Malaysia report offers insight into key trends and developments driving the industry. The report examines all retail channels to provide sector insight. Channels include hypermarkets, supermarkets, discounters, convenience stores, mixed retailers, health and beauty retailers, clothing and footwear retailers, furniture and furnishing stores, DIY and hardware stores, durable goods retailers, leisure and personal goods retailers. There are profiles of leading retailers, with analysis of their performance and the challenges they face. There is also analysis of non-store retailing: vending; homeshopping; internet retailing; direct selling, as available.

Product coverage: Retail E-Commerce, Retail Offline.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

- * Get a detailed picture of the Retail market;
- * Pinpoint growth sectors and identify factors driving change;
- * Understand the competitive environment, the market's major players and leading brands;
- * Use five-year forecasts to assess how the market is predicted to develop.

Euromonitor International has over 40 years' experience of publishing market research reports, business reference books and online information systems. With offices in London, Chicago, Singapore, Shanghai, Vilnius, Dubai, Cape Town, Santiago, Sydney,
