Report description:

Convenience when travelling has become a significant factor in shaping consumer preferences, and one noticeable trend in 2023 was the rising popularity of smaller packaged wipes. These compact and portable wipes have gained popularity among travellers, due to their convenience and ease of use. Consumers' overall health and hygiene awareness remains high during post-pandemic travel, and travellers, whether frequent or occasional, often find themselves in situations where they need a quick and eff...

Euromonitor International's Wipes in Hong Kong, China report offers a comprehensive guide to the size and shape of the market at a national level.
