Report description:

Double-digit growth was seen in discounters in Colombia in 2023, reflecting a change in the consumption habits of local consumers who are looking for more affordable options in a time of economic uncertainty and budget constraints. Discounters have come to the fore for Colombian consumers through proposals centred on economy and variety in terms of product offer. Not only have discounters managed to gain traction in terms of sales of classic Colombian product types, they have also succeeded in g...

Euromonitor International's Discounters in Colombia report offers insight into key trends and developments driving the industry. The report examines all retail channels to provide sector insight. Channels include hypermarkets, supermarkets, discounters, convenience stores, mixed retailers, health and beauty retailers, clothing and footwear retailers, furniture and furnishing stores, DIY and hardware stores, durable goods retailers, leisure and personal goods retailers. There are profiles of leading retailers, with analysis of their performance and the challenges they face. There is also analysis of non-store retailing: vending; homeshopping; internet retailing; direct selling, as available.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
