Report description:

Homecare in Morocco saw a positive performance in current value terms in 2023, continuing the trend of the previous year. However, this was mainly due to inflationary pressures, rather than any significant upturn in demand. With manufacturers experiencing higher energy, raw material and shipping costs, they were forced to pass these on to an increasingly price sensitive consumer base. As a result, Moroccans traded down to more economical multi-purpose products, with usage of products designed fo...

Euromonitor International's Home Care in Morocco market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth.
